

SimpliSWAB™

One Swab To Test It All

SimpliSWAB - Our universal collection device solution

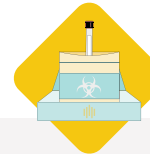

SimpliSWAB simplifies your sample collection process and features:

- ◆ A collection medium that is not affected by temperature and doesn't require refrigeration
- ◆ The ability to use just one vial, no matter the pathogen
- ◆ PCR testing sensitivity and specificity of ~99%¹
- ◆ 24 hour turnaround time from completed requisition and sample receipt

The simplest system imaginable, requiring just one vial regardless of the pathogen.

Increase your administrative efficiency and place an order in under 90 seconds.

Our transport medium is hyper-stable and inactivates the pathogens for safer, easier processing, eliminating the need for refrigeration or cold packs.

OUR TEAM HELPS YOU STREAMLINE YOUR PRACTICE WORKFLOW

- ◆ Our clinical team is available to answer your questions at 866-287-3218
- ◆ Our individual antibiogram report helps you maintain antibiotic stewardship, providing you with a comprehensive diagnostic tool when prescribing medications
- ◆ We easily handle integration with your EMR
- ◆ Simply register patients and access reports via our Client Web Portal
- ◆ Our local representatives will arrange courier services, UPS or FedEx pick up, streamlining your ordering process

BE SURE BEFORE YOU CURE.

HEALTHTRACKRX PCR makes it easier than ever for you to make treatment decisions for your patients by providing you with accurate, targeted clinical results **within 24 hours.**

HealthTrackRx's technological advances in PCR testing are helping to reshape patient care by mobilizing faster clinical decisions, cultivating insight on antibiotic stewardship, and providing rapid, actionable results that enable providers to make informed patient treatment decisions.

OUR PCR TECHNOLOGY

- ◆ We deliver the most accurate diagnostics with ~99%¹ sensitivity and specificity on all sample types
- ◆ HealthTrackRx PCR results are NOT affected by a patient's current antibiotic therapy
- ◆ Our PCR technology detects aerobes, anaerobes, fungi, and viruses with one tube – SimpliSWAB™

HealthTrackRx PCR testing **identifies what culture misses**, particularly fastidious organisms – the pathogens that are especially difficult, if not impossible, to culture.

OUR PROCESS

- ◆ Results reported consistently within 24 hours of receipt of a completed requisition and sample
- ◆ Our system integrates with EMR systems, and we deliver results via our Client Web Portal
- ◆ We report Antibiotic Resistance in a patient specific antibiogram
- ◆ Our report lists the most effective antibiotics in our easy to read report format
- ◆ We coordinate courier services, including FedEx, UPS or a local courier

OUR COMPANY

- ◆ HealthTrackRx is the nation's premier infectious disease laboratory with over 4 million samples processed
- ◆ We are a CAP-accredited, CLIA-licensed, Six-Sigma laboratory
- ◆ We have provided diagnostic laboratory services to clinicians since 2010
